Beneath the Jersey skies so blue,
in Montclair's mountain town.

There stands our College,
tried and true and growing in
renown. We love thy campus,
love thy halls, and oft to thee
we raise, with loyal lips and loyal
hearts united songs of praise.

All hail, all hail Montclair,
to thee our voices raise,
Alma Mater, dear Montclair,
our undying hymn of praise.

Susan A. Cole

President

There were 45 students in our first graduating class just over a century ago. Your class— the largest in Montclair State University's history – is nearly 70 times that size.

Like those first graduates, you have been transformed by your time at Montclair State, and I am certain that the University has played a role in helping you become the accomplished, ambitious, and creative men and women you are today.

As you graduate from Montclair State and pursue your careers and further education, stay focused on your dreams. Never underestimate the impact you can have on our world— through the science you will shape, the businesses you will create, the music you will make, or by touching the lives of the students you will teach.

Graduation should not signal an end to your relationship with Montclair State, for you are joining a vital network of more than 100,000 proud alumni. I invite you to stay connected to your University and your fellow Red Hawks in the years ahead.

Above all, let nothing stand between you and your future as you seize the day, the opportunities, and the achievements that will define the next chapters of your lives.

I congratulate you on your graduation and wish you health, happiness and the best life has to offer as you set forth to pursue your dreams.

Carpe Diem!

Dear Members of the Class of 2012:

This yearbook is a photographic record of an extraordinary period in your life. As have graduates before you, I believe you will find that this book becomes more valuable to you as the years go by. It allows you to look back at your time at Montclair State University and remember all of the great experiences you had during your college years. As you browse the yearbook, you can review the ever changing landscape of the campus and remember how you learned and changed as well. During your time at Montclair State you were among the first to use the new Student Recreation Center, Café Diem, the John Cali School of Music, CarParc Diem, Sinatra Hall, and the renovated Panzer Athletic Facility. You were able to traverse the newly redesigned Freeman/Russ Quad, the College Avenue Promenade and stop at the first on-campus traffic light at the Clove Road Bridge. The Clove Road Apartments were renovated and renamed Hawk Crossings. The Yogi Berra Museum was expanded. The University acquired the Ward Trucking property that is contiguous with the campus, adding much needed parking space. The fall of 2011 saw the completion of our latest renovated academic building that has been named for Montclair State alumnus, Conrad J. Schmitt. Your campus has become larger and more beautiful, reflecting the quality education you have received. We hope you will come back often and enjoy what you helped build and what is yet to come. Congratulations on all the years of study and hard work that have resulted in graduation from Montclair State University. Completing an undergraduate degree is an accomplishment shared by a very small percentage of the population; cherish the experience. As you establish yourself in your new life and career, take with you the tools and values you learned from your family and acquired at the University to help you be all you want to be. Continue to aim high. Choose compassion over complacency and prize courage over comfort. Use your imagination, ingenuity and audacity to explore, discover and change a world filled with ceaseless and kaleidoscopic challenges. Become an engaged and responsible citizen. Be a mentor and trusted friend. Embark on new adventures and continue to grow as an educated, ethical and caring person. I am confident you will make the right choices and do the right things. Go out into your community and the world and make your mark. We are proud that you are an alumnus of Montclair State University. You have my sincere best wishes for a happy, healthy and

Dear Graduates:

Congratulations on your accomplishment!

I am very proud of your success. You have proved that hard work, commitment and focus are the necessary factors in achieving your goals. Although times may have been difficult, your desire to finish paid off.

As you look to your future, remember your past accomplishments. Be confident in knowing that you can achieve whatever you desire, if you will work hard, remain committed, and never give up. Your future will be as bright as you determine it to be.

Best wishes for your continued success!

Jonathan J. Aronoff

Student Representative to the Board of Trustees

Congratulations on reaching this amazing milestone. I had been going back and forth on how to write this letter...a letter to my fellow graduates. While thinking about this letter, it reminded me of one specific day. Throughout the year I had the opportunity to intern in New York, one of the biggest cities in the world. The big city life was completely different from the small rural life that we have become accustomed to here at Montclair State University.

Montclair State, a school of roughly 18,000 students, seems miniscule compared to a city like New York. In the city, at times I felt uncomfortable. I was seeing many faces, most of which I had never seen before and will never see again. This was different than the close-knit community that we have learned to love at Montclair State University.

There was one nice summer day when I was walking down the New York streets and got stopped by a stranger. This stranger put his or her hand on my shoulder and used his or her other hand to point to my shirt. I was wearing a Montclair State T-shirt.

This stranger explained to me that he or she graduated from Montclair State several years ago, and immediately without anything more being said, this stranger turned into a friend. It was at that moment that I realized that even in such a big city, with millions of people, there are still connections that can be made. We bonded over our MSU experiences.

We talked about the MSU lifestyle, which teachers were still there and our paths that we plan to take in the upcoming years. This person made me feel comfortable in a city in which I knew no one. We connected through our appreciation for MSU, and that is an appreciation that I do not believe will die any time soon.

No matter where we go, no matter how big or small the city or community that we live in, we will always be connected to MSU. The people that we met here, the friends that we made and even the people who were here before us are all interconnected in a web that cannot be described with words. MSU is our home, and we may move to other parts of the world, but MSU is the one bond that connects us all for the rest of our lives.

Remember that as you venture out onto your own journeys. Stay connected to each other and never forget the school that you came from. Be brave, be adventurous and be proud of Montclair State. Our school has served us well.

Members of the graduating senior class, it is my sincere hope that during your time here you have learned to embrace authentic progress, to welcome change, to anticipate the future with eager minds and open hearts. Today you begin a new stage of your lives, a new, changed state of being ... that of Montclair State University alumni. You will carry your MSU affiliation with you throughout your lives, whether or not you continue to wear the artful school apparel that adorns your body. Carry it forward as a guidebook for your lives. Live its principles of intercultural understanding, global citizenship, and responsibility for others as your own. Take up the challenge to welcome the unknown, and teach others what you have learned.

SGA E-BOARD

President- Jared Shababb

Since his freshman year at Montclair State, Jared has not taken his college experience for granted. Jared has been involved with the SGA since day one, quickly becoming a Legislator and eventually President Pro Tempore. This past year he had the pleasure of serving as your President of the Student Government. This previous year, Jared was also President of the fraternity, Phi Alpha Psi Senate. Jared is currently working towards a double major in History and Political Science; both areas of study that greatly interest him. Jared hopes to earn a post graduate degree after he graduates in 2012. Jared says, "I found the importance of life lessons and how they don't always come from inside the classroom, but in the experiences that college has to offer. Pursue your dreams, and if you work hard enough you are capable of anything. Learn as much as you can in the short time that you have here, above all remember the importance of knowledge, goodness, and spirit; god bless."

Vice President- George Juzdan

George Juzdan is a senior in the school of business majoring in Accounting. He has served in the Student Government Association since his freshman here. Working his way up from being a legislator for his first two years and now serving as Vice President he has grown as a leader. George also being in many organizations across campus such as Biology Club, LASO, and many more has learned to respect and unify the campus through a number of events. Hosting the Spring and Fall retreat were only two of the many things George did as being Vice President. George's main job was overseeing all of the Class II, III, IV, and V organization's charters and also run the legislative meetings every Wednesday. George had a literal open door policy throughout his term and hopes to continue that throughout his time in SGA. George aspires to be the President of the Student Government one day and hopes to continue his growth by promoting unity and giving back to the student body.

Lindsey Hresko is a junior Broadcasting major, and served as the 2011-2012 Executive Secretary. She has been part of the SGA for three years, taking on different roles including Clerk, Legislator, and Chair of the Marketing and Publicity Committee. More than anything, Lindsey has enjoyed getting to know the organizations over the past few years and watching them grow in quantity and quality. She looks forward to watching SGA and the organizations flourish over the next year before she graduates in May 2013.
